Silver	203,234	75%
Gold	23,228	9%
Platinum	5,860	2%
Catastrophic	6,558	2%
Subtotal With Known Data	*272,539*	*100%*
Standalone Dental	*55,399*	*N/A*
Unknown	*N/A*	*N/A*

Notes: * Marketplace data represent the cumulative number of Individuals Determined Eligible to Enroll in a plan Through the Marketplace who have selected a plan from 10-1-13 to 3-31-14, including Special Enrollment Period-related activity through 4-19-14 (with or without the first premium payment having been received directly by the Marketplace or the issuer), excluding plan selections with unknown data for a given metric.

** Medicaid/CHIP data are state reported and represent the difference between March 2014 enrollment and Pre-ACA Monthly Average Medicaid and CHIP Enrollment (July-Sept 2013). Not all changes in enrollment may be related to the Affordable Care Act. Because these data are state-reported, detailed questions about the Medicaid/CHIP data should be directed to the states. Decrease in Medicaid enrollment may be related to comparing preliminary data to data with retroactive enrollments, changing state policies or economic conditions, or other factors. The effective data for Michigan's Medicaid expansion is April 1, 2014.
