

Veterans Service Organizations

There are a number of Veterans Service Organizations (VSO's) that provide assistance to veterans and their families with finding, applying for, receiving and maintaining veterans benefits. These services are provided free of charge.

Oakland County and Macomb County each have their own Veterans Services Departments. These departments provide the same services as the national organizations listed below, but closer to home. In addition to helping with any federal benefits provided through the VA, they can also assist with any veterans benefits provided by state and local government agencies.

The offices can be contacted at:
