Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Carlsbad Water Recycling Facility Membrane Project in fiscal year 2027.

The entity to receive funding for this project is the Carlsbad Municipal Water District, located at 1635 Faraday Ave., Carlsbad, CA 92008. The funding would be used to replace aging equipment within the Carlsbad Water Recycling Facility to ensure continued compliance with water quality standards and improve drought resilience for residents.

The project is an appropriate use of taxpayer funds because it would support a water recycling facility to lessen local water use burdens, support drought resilience, promote public health, and preserve environmental quality.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin".
