Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Del Mar Climate Resiliency and Access Improvement Project in fiscal year 2023.

The entity to receive funding for this project is the City of Del Mar, located at 1050 Camino Del Mar, Del Mar, CA 92014. This funding would help complete pre-construction monitoring and analysis for a future sand replenishment project, create a conceptual design for a flooding adaptation project, and connect existing trails to expand pedestrian access and create a scenic loop trail network through the entire city.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin". The signature is fluid and cursive, with a prominent flourish at the end.
