

Congress of the United States
House of Representatives
Washington, DC 20515

May 3, 2024

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the San Diego County Shoreline (Oceanside), CA in fiscal year 2025.

The entity to receive funding for this project is the Los Angeles District of the U.S. Army Corps of Engineers, located at 915 Wilshire Blvd., Los Angeles, CA 90017. This funding would be used to investigate mitigation for the erosion and other impacts resulting from the construction of Camp Pendleton Harbor in Oceanside, California, as a wartime measure.

This is an appropriate use of taxpayer funds because the construction of the federal harbor has caused local impacts to the beaches of the City of Oceanside, which serve not only the community of Oceanside, but also the inland cities of Vista, San Marcos, and Escondido.

The project has a Federal nexus because the funding provided is for purposes authorized by the Water Resources Development Act of 2000, Section 414 and directed to be completed expeditiously in the Water Resources Development Act of 2020, Section 202.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin". The signature is fluid and cursive, with a prominent flourish at the end.

Mike Levin
Member of Congress
