Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Solana Beach Fire Risk Reduction Equipment Project in fiscal year 2027.

The entity to receive funding for this project is the City of Solana Beach, located at 635 S. Highway 101, Solana Beach, CA 92075. The funding would be used to fund a replacement fire engine, utility truck, and trailer used for proactive fire prevention, community education, and rapid response services to support both the City of Solana Beach and the City of Del Mar.

The project is an appropriate use of taxpayer funds because it would equip fire departments with modern apparatus to improve emergency response capabilities, enhance firefighter and public safety, and support community risk reduction in wildfire-prone coastal areas.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Mike Levin".
